UNITED STATES DISTRICT COURT WESTERN DISTRICT OF WASHINGTON AT SEATTLE

CHERYL KATER and SUZIE KELLY, individually and on behalf of all others similarly situated,

Plaintiffs,

v.

CHURCHILL DOWNS INCORPORATED and BIG FISH GAMES, INC.,

upend the class action settlement procedures.

Defendants.

Cause No. C15-0612RSL

ORDER

This matter comes before the Court on third-party Jeffrey E. Fleming's motion to quash a subpoena seeking information regarding his Google account (Dkt. # 229) and motion for an order directing plaintiffs and their attorneys to cease all efforts to contact him regarding the above-captioned lawsuit (Dkt. # 228). In response to Mr. Fleming's motions, plaintiffs have taken steps to ensure that his information will not be included in Google's production in response to the subpoena and will make best reasonable efforts to ensure that he is not included in the class lists used by the Claims Administrator. Plaintiffs oppose entry of a cease and desist order as unnecessary, however, and argue that quashing the subpoena served on Google will

Having reviewed the submissions of Mr. Fleming and plaintiffs, the Court interprets Mr. Fleming's objections to the production of his Google account information as an indication that he does not want to be part of the settlement class in the above-captioned matter. The Court therefore finds that he has opted out of the settlement process and will not participate in any allocation of the settlement funds.

With regards to the specific relief requested by Mr. Fleming, the Court is satisfied that his information was not (or will not be) included in Google's data production. If, however, his information has been produced to plaintiffs, they shall delete the information from their files, refrain from making any attempt to contact him regarding this litigation in the future, and ensure that the Claims Administrator does not contact him.

Dated this 14th day of October, 2020.
